

IARU Sustainability Internships - Application Closes in 3 Weeks!

27 Feb 2015 || To: NUS Students

Are you interested in environmental issues? Would you like to experience living independently in a foreign country? Have you thought about interning at the Sustainability Office of University of Copenhagen or The Australian National University? We want YOU!

Application for the International Alliance of Research Universities (IARU) Student Sustainability Fellowship is open now! For more information, visit www.nus.edu.sg/oes

The poster features the IARU logo at the top, which consists of three overlapping loops. Below the logo, the text reads 'INTERNATIONAL ALLIANCE OF RESEARCH UNIVERSITIES' and 'IARU Student Sustainability Fellowship 2015'. A small line of text states 'IARU is a collaboration between ten of the world's leading research-intensive universities' followed by a list of member institutions: University of California, Berkeley, University of Cambridge, University of Copenhagen, University of Oxford, The University of Tokyo, Yale University, ETH Zurich, Peking University, The Australian National University, and National University of Singapore. A green horizontal band contains the text 'APPLICATION PERIOD 9 FEB TO 23 MAR'. Below this, the text asks 'Keen to explore sustainability issues in one of the world's leading research-intensive universities during your summer vacation?' and states 'Two students will be selected to travel to University of Copenhagen or The Australian National University'. A list of benefits follows, including learning sustainability practices, working on campus projects, a stipend of S\$2000, free accommodation, and an internship with NUS. A quote from a 2014 fellow is included at the bottom, along with contact information for more details.

INTERNATIONAL ALLIANCE OF
RESEARCH UNIVERSITIES

**IARU Student
Sustainability Fellowship
2015**

IARU is a collaboration between ten of the world's leading research-intensive universities
University of California, Berkeley, University of Cambridge, University of Copenhagen, University of Oxford, The
University of Tokyo, Yale University, ETH Zurich, Peking University, The Australian National University, and
National University of Singapore

**APPLICATION PERIOD
9 FEB TO 23 MAR**

Keen to explore sustainability issues in one of the world's
leading research-intensive universities during your summer
vacation?

Two students will be selected to travel to
*University of Copenhagen or
The Australian National University*

Exciting opportunities await selected students this summer!

- ✓ Learn best sustainability practices
- ✓ Work on targeted campus sustainability projects at either the University of Copenhagen
or Australian National University for 4-6 weeks
- ✓ A partial stipend of S\$2000 given to subsidize travel expenses
- ✓ Free accommodation
- ✓ Internship with NUS Office of Environmental Sustainability

"My IARU-ANUgreen internship was not only about skills concerning campus sustainability
management, but also a horizon-broadening experience in seeing environmental and social
aspects as an integrated entity. Getting involved in both office administration and student
activities gave me lots of insights into ways to improve campus sustainability and
environmental education."

Yin Yue, 2014 Fellow, Faculty of Science
