

e-Waste, toner cartridge & light bulb recycling @ NUS Libraries

24 July 2015 || To: NUS Community

We are all familiar with paper, plastic and metal recycling on campus. Do you know we can now recycle other materials too?

got e-waste?
ink and toner
cartridges ?
light bulbs?

You can now recycle all of the above at

RECYCLING CORNERS @ NUS LIBRARIES

Bukit Timah Campus
- C J Koh Law Library

Kent Ridge Campus
- Central Library
- Hon Sui Sen Memorial Library
- Medical Library
- Science Library

Additionally, for every used light bulb collected for recycling, one new light bulb will be donated to the needy and vulnerable seniors residing in the South West District in support of Recycle-A-Bulb @ South West.

A collaboration between the Office of Environmental Sustainability and NUS Libraries
For UTown, a separate e-waste recycling bin is located at the Office of Admissions
