

e-Waste we-Recycle 2015 || Try your hand at dismantling e-waste!

08 September 2015 || To: NUS Community

The first step in the recycling of electronic waste is to dismantle gadgets into their different material types.

Now, you can experience this first-hand and learn more about the process of recycling electronic waste when you visit e-waster we-Recycle 2015.

Don't forget to bring your electronic waste to pass to us for recycling!
