

Building Eco-cities and urbanization in China || Speaker panel at Yale-NUS College

14 September 2015 || To: NUS Community
Sent on behalf of [Yale-NUS College](#)

What is an Eco-City?

What are the priorities of a master-planner of an Eco-city?
Is there a sustainable and replicable model for Eco-Cities

Find out the answers to these questions in a panel discussion (open to all NUS staff and students) on the development of Eco-cities in China.

This session is also the launch of a case competition for undergraduates to propose their master plans for an Eco-city.
