

Energy Carta || Green Building & Sustainable Shipping Learning Trail

10 February 2017 || TO NUS Students

Sent on behalf of [Energy Carta](#), a student-led sustainable energy movement

**Energy Carta is launching learning trails on Green Buildings and Sustainable Shipping. In the new era of sustainable development, both the public and private sectors are taking actions to ensure sustainable and quality growth. Come and learn more about how you can be involved in this dynamic field!
Join the Energy Revolution.**

Sustainable Shipping Forum

Experts from the shipping industry will share about energy security and the challenges of keeping the industry efficient, yet sustainable. Stakeholders from the Maritime and Port Authority of Singapore, as well as shipping companies and research institutes, will be present to give further insights into this unique economic niche.

Green Building Our Future

Get an opportunity to learn more about Green Buildings from experts in Building and Construction Authority (BCA) and Surbana Jurong. This trail will include an exclusive site visit to Marina Bay Sands, a BCA Green Mark Platinum rated building.
