

Symposium on Futures Sustainability 2018 || 24 March 2018

12 February 2018 || TO NUS Community

Sent on behalf of [Bachelor of Environmental Studies](#) students

The annual Symposium on Futures Sustainability is back!

Coinciding with the International Year of the Reef 2018, the Symposium will be diving into the topic of Sustainable Blue Spaces and looking at the various global water issues humanity is facing. It will include a panel discussion with professionals in their respective fields of work related to blue spaces, and a discussion segment for participants to engage with Professors on the various questions they have for the topic.

Do sign up at tinyurl.com/bluespaces18 and visit the [Facebook page](#) for more information on the event and speaker details!
