

Join us at UTown Plaza from 22 to 23 March 2018 for an exhibition and carnival featuring campus-wide initiatives employed to reduce water use, and highlights of NUS' water research projects. There will also be a display of the shortlisted entries from the "Save Our Water" photo competition, as well as games and giveaways. Come along and make a pledge to save water!

In conjunction with  
**SINGAPORE  
WORLD WATER DAY**
