

Green Jobs Symposium & Networking || 8 Nov 2017

3 November 2017 || TO NUS Students

A sustainable economy, a sustainable living environment, sustainable development for the people and international collaborations are the 4 key pillars to Singapore's journey towards shaping a sustainable future. Discover the opportunities from within and let Green Jobs Symposium & Networking 2017 provide an inside glimpse to industry trends. Organised by Young NTUC, Building & Construction Authority, Singapore Economic Development Board and National Environment Agency, the symposium is held in conjunction with Clean and Green Singapore 2017.

What are you waiting for? Sign up now at <http://bit.ly/GJS2017>
