ABOUT THE EVENT

The Singapore Sustainability Showcase is a grand culmination of YSI SEA's 14-week Innovation Programme, exhibiting local and regional sustainability efforts.

Our theme is *Rethinking Innovation*, which aims to highlight problem identification as equally important to solution generation: Better scoped problems lead to better solutions

DISCUSS. DISCOVER. CONNECT.

WORKSHOP

In the age of entrepreneurship, this workshop proposes an alternative way to think-reframing mindsets of emerging young sustainable innovators to own the problem before the solution.
