

Sustainability Trail by Energy Carta: Green Living || 06 Dec 2018

12 November 2018 || TO NUS Students

Sent on behalf of [Energy Carta](#), a student-led sustainable energy movement

Energy Carta is proud to present the next edition of *Sustainability Trail* on the topic of Green Living in Singapore.

Sustainability Trail (previously known as *Energy Trail*) is an experiential learning trail which provides youth with the opportunity to learn about various energy and sustainability topics through an engaging discussion with industry professionals and an interactive site visit. This year, speakers featured in the *Sustainability Trail* represent the **Green Living scene in Singapore**. Through this, Energy Carta aims to engage students and increase their interest in the happenings in the Green Living sector.
