Indonesia OSHE in Higher Education Forum Workshop

On 24 Oct 2017, Dr Lim Cheh Peng delivered a keynote lecture on the *Overview of Safety & Health Management at NUS* at the *Indonesia OSHE in Higher Education Forum Workshop*. This is an annual forum attended by various institutes of higher learning in Indonesia for the purpose of sharing and learning best practices on the implementation of safety & health in diverse subjects at their respective institutions. This year’s forum was organised by Universitas Indonesia, held from 24 – 25 Oct 2017, and was attended by over 100 delegates. It featured a session on the implementation of occupational safety, health and environment by University of Washington, National University of Singapore, The University of New South Wales (UNSW) and Universitas Indonesia, where lectures were delivered by the following keynote speakers:

1. Mr Greg Tuke, University of Washington
2. Dr Lim Cheh Peng, National University of Singapore
3. Mr Aaron Magner, Director of UNSW Safety and Sustainability, The University of New South Wales
4. Prof Fatma Lestari, Head of Occupational Safety, Health & Environmental (OSHE) Unit, Universitas Indonesia

It provided an opportunity to learn best practices from other universities.
